Rev. England to Give Sermon on Brotherhood

Rev. Cecil J. England, pastor of the First Christian Church is to preach this coming Sunday morning at 10:50 on the subject, "Brotherhood is Miraculous."

"Most of the tragedies of modern civilization are actually related to personal animosity which becomes to great as to spread into enough of the important areas of life to eventually result in such conflicts as war between nations," said Rev. England.

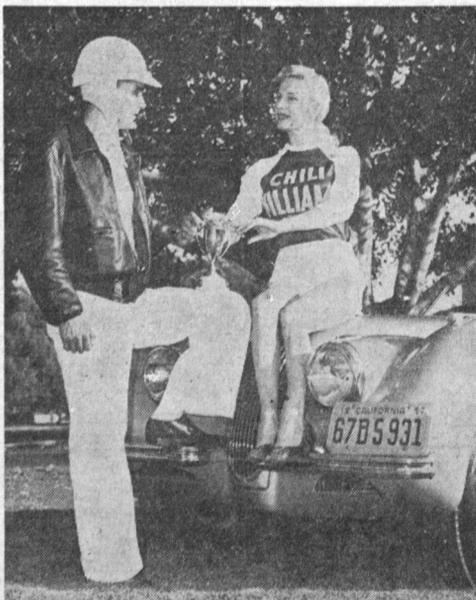

The very essence of the Christian religion is to counteract this negation of its truth and also to aggressively assert its positive virtues which are fundamental to the peaceful operation of any society and the peaceful relationship between individuals.

AAA National Championship At Carrells

Big time auto racing returns to the Southland, Nov. 5 when the AAA National Championship cars and drivers invade Carrell Speedway's spectacular one-mile Road Race course.

These are the same cars and drivers that race at Indianapolis. Their appearance on the Gardena course is a history making event. In the first place the big cars haven't appeared in the Los Angeles area since 1934, sixteen years ago. That was the event held at Mines Field. It was promoted by Bill White, the same person who is behind the November fifth speed classic.

It will mark the first time the Indianapolis cars have battled on a winding road course and it will also be the first time these huge racing giants have made a right hand turn during a race. All eastern tracks are oval in nature, with all turns being to the left. Carrell's "pretzel" shaped road course has a right hand turn in it that will give the championship drivers plenty to worry about.

Sanction was granted the event by Gordon Betz, AAA official for this area, following clearance with national headquarters.

Greatest names in auto racing are expected to take part in the event. White said that he expected the following to be on hand: Johnny Parsons, the Indianapolis champion; Walt Faulkner, Paul Russo, Henry Banks, Duke Nalon, Troy Ruttman, Lee Wallard, Mack Hollings, Tony Bettenhauser, Freddie Agabajian, Jimmy Davis, Walt Brown, Duke Dinmore and many other nationally known stars.

Reservations are now being made, White said, and the \$5.00 reserved seats could be obtained at Carrell Speedway, 174th and Vermont, Gardena, either by mail or phone.

All drivers are amateurs, who own their own cars and race for the sake of the sport.

Local Bands Invited to Band Review

The Torrance Area Youth band, the Torrance High School band, and the Narbonne High School band from Long Beach have been invited to compete in the 10th annual All-Western Bands Review to be held Nov. 25 at Long Beach by Mayor Burton W. Chace.

The bands invited to the 10th annual All-Western Bands Review are considered among the top ranking musical organizations in the state for their size and class. Other local bands invited include the Palos Verdes Canadian Legion Post, No. 77, pipe band, the El Camino Junior College band, and the Harbor Junior College band.

First held in 1937, then suspended during the war and again revived in 1946, the All-Western Bands Review has become recognized as the largest all-musical parade held annually in the United States. Sponsored by the City of Long Beach as "a civic tribute to music and musicians," it is staged in celebration of the formal opening of the winter tourist and holiday season in Southern California.

Upwards of 600,000 spectators witnessed last year's event which attracted a total of 88 entries

and 5140 individual musicians strictly to bands and drum and bugle corps, and unlike the ordinary parade, all competing units are spaced one block apart so that they actually march in complete review, occupying the full spotlight of attention along the entire line of march.
